Work Experience

CODETECH IT SOLUTION | MERN Stack Web Developer Intern **Jan '30 - March '1**

- Worked on real-world projects, implementing responsive UI, REST APIs, and database management.
- Developed and optimized full-stack web applications using MongoDB, Express.js, React.js, and Node.js.
- **Test** the existing website and fixed all the issues related to frontend as well as backend.

Skills

Programming Languages: JavaScript, Java
Web Development: ReactJs, NextJs, RestAPI, React-Redux, MERN, Tailwind CSS, SaaS, CSS3
Database Management System: MySQL, MongoDB
Tools: Github, Figma, Postman

Education

LD COLLEGE OF ENGINEERING | AHMEDABAD
- B.E in Information Technology | Currently in 7th semester | CPI: 8.31   **2022-2026**

ULTRAVISION ACADEMY | SURENDRANAGAR
- Higher Secondary School | PCM | Grade: 99.23   **2020-2022**

Projects

MeetX | [Real-time conferencing platform] [GitHub]
Tech: React.js, Tailwind CSS (Frontend) | Node.js, Express.js, MongoDB (Backend) | WebRTC, Socket.IO (Real - Time Communication) | JWT (Authentication)

- Developed a real-time video conferencing platform where users can schedule meetings and share a unique meeting code.
- Integrated WebRTC and Socket.IO for seamless live video streaming and real-time chat communication.
- Implemented secure meeting access, ensuring privacy and reliability for virtual meetings, online classes, and team collaborations.

PRO CONNECT | [GitHub]
Tech: Tech Stack: Next.js, Redux Toolkit (Frontend) | Node.js, Express.js, MongoDB (Backend) | Axios (REST HTTP Client) | JWT (Authentication).

- Developed a professional networking platform similar to LinkedIn, enabling users to authenticate, manage manage profile, update profile, download resume
- Implemented features like sending and accepting connection requests, posting updates, liking posts, and engaging in professional networking
- Built using Next.js, Redux Toolkit, Axios (REST HTTP Client), and MongoDB, ensuring a seamless user experience and real-time updates.

Achievements

- Completed the 8-month MERN Stack Development (Sigma 4.0) | apnacollege.in
- Completed the 6-month DSA course (Sigma 4.0) | apnacollege.in
